MISSION STATEMENT

Centro de Artes is an institution dedicated to telling the story of the Latino¹ experience in the U.S. with a focus on San Antonio and South Texas through local and regional art, history and culture, and dedicated to sharing the transnational experience of Latinos in the U.S.

ABOUT CENTRO DE ARTES

The City of San Antonio is the seventh most populated city in the country and the second most populated city in Texas. San Antonio is home to over 1.4 million residents and welcomes 31 million visitors a year. Centro de Artes is located in historic Market Square in Downtown San Antonio, and is one of the most visited tourist sites in city. With its location in the center of our vibrant City, Centro de Artes is unique a platform to connect audiences, including students, the local community, and San Antonio visitors to artists' exhibitions and their creative ideas.

Centro de Artes presents a full season of solo and group exhibitions and programming annually through an open call managed by the City of San Antonio, Department of Arts and Culture. We support emerging and established Latino artists, curators, organizations, and community groups working in all disciplines.

We believe that the beauty of our Latino culture is that we do not have one singular experience or theme. There are a multitude of Latinidades that hail from different heritages, races, ethnicities, nationalities, geographies, histories, genders, sexual orientations, and economic situations. We encourage the freedom to express those experiences in a myriad of ways.

The gallery is free and open to the public, daily from 11am to 6pm. We recommend that you visit the gallery in preparation for writing your proposal. For more information, visit www.sanantonio.gov/arts.

¹ In this document, the term "Latino" will be used to represent all genders and orientations.
